WHY TUFLOC?

...because it's a tough world and Tufloc products are designed to protect your property and your loved ones.

Military and law enforcement personnel rely on Tufloc to safely secure guns, protect equipment and organize belongings.

Homeowners can sleep well at night knowing their guns are safely stored and are accessible at a moment's notice.

Tufloc High-Security Locks protect belongings on UPS, Federal Express and other delivery vehicles. They are used on military ships, buildings, work trucks, vending & change machines and anything that needs better security.

Whether you are serving community or country, at home or at work, Tufloc helps keep you safe.

American Manufacturing

Tufloc's desire to be the best in the industry drives our ongoing Research & Development and inspires us to stay up with the latest manufacturing technology to continue producing quality, durability and affordability to our growing product line.

Responsible Gun Use

Safety is our number one priority. Tufloc products are manufactured for the military, law enforcement and homeowners who are also committed to that priority. Tufloc is an advocate for responsible gun use and our products are designed to preserve the order of our communities and the well-being of our families.

TUFLOC®

X-LOCK

For law enforcement vehicles.

Only the X-Lock gives officers quick, easy, one-handed access to guns – when they are needed fast. The innovative, patented design features locking arms that automatically adjust to a tight, more secure fit when the gun is pressed into place.*

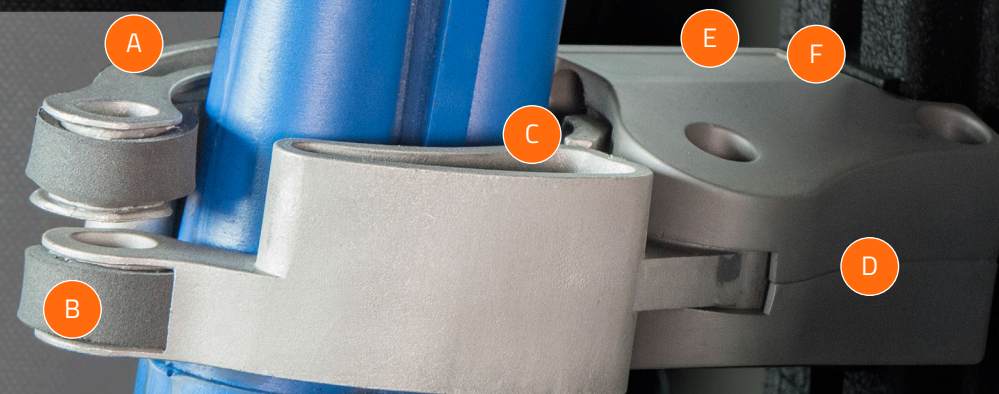

- A. Stainless steel, spring-action, locking arms allow for one-handed removal of gun.
- B. Padding protects guns and prevents rattling.
- C. Self-adjusting arms ratchet to tightly secure most guns.
- D. The lock can be opened with an electronic timer or with a key.
- E. Lock can be adjusted along the back plate to custom-fit each make/model of gun.
- F. Quick installation! Can be mounted with little or no drilling.

X-Lock gun racks for your home. See pages 16-19 for information on this revolutionary wall-mounted gun rack that keeps guns secure, on display and ready for quick access.

*As compared to a standard lockhead.

TUFLOC
For a Tough World

X-Lock Vehicle Racks

Tufloc® offers the widest range of Vehicle Gun Racks available. For maximum safety and security, each rack is designed for the exact make/model of gun; we do not sell a “one-size-fits-all” gun rack. The high-strength steel racks are powder-coated and are padded for gun protection and rattle-free performance.

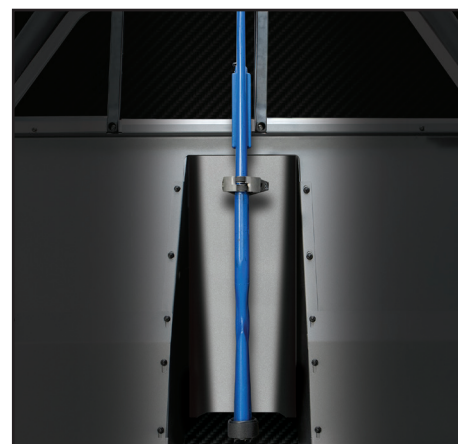

Featuring Tufloc’s standard gun locks and the new X-LOCK - The dual-release lock securely holds the gun in place. The gun can instantly be accessed using the electronic delay timer or with the use of a key.

- Belongings stay in place, even at high speeds
- Adjustable brackets fit any seat
- Built-in handle makes it easy to take in and out of vehicle
- 21-1/2" H x 15" W x 4" D

High-Security Locks

What makes Tufloc® High-Security Locks different?

Our research and development addresses what's really important to customers concerned about ultra-safe and secure solutions. Tufloc's unique design eliminates the weak points of the traditional padlock, the shackle and hasp. This special design is the reason why businesses, industry, U.S. Military and government repeatedly buy Tufloc when they want high-security, cost-effective locks.

In addition to providing superb protection, Tufloc High-Security Locks mount to fit inward, outward, double-swinging, sliding and roll-up doors. Tufloc High-Security Locks can even accommodate misaligned doors.

Criminal Resistant Design

- Feature Medeco® high-security cylinders
- Five-pin tumbler with pick resistant core
- Spin-free carbine rod in bolt resists sawing
- Special pins in cylinder face resist drill and saw attacks
- Angle-cut key deters duplication
- Recessed carriage bolt holes deter tampering

Easy to Operate

- A simple twist of the key releases the central bolt and unlocks the Tufloc High-Security Lock
- Cannot accidentally unlock
- Keyed cylinders can be replaced
- Key can be removed in the locked or unlocked position
- Different keying options available: Keyed Alike, Keyed Differently, Master Keyed

Flat Installation

Outside Corner Installation

Inside Corner Installation

Lockers

Lockers and Lockboxes

ModuBox® Lockers and Lockboxes safely secure evidence, property and guns. The units are manufactured from heavy-gauge, welded steel and feature Medeco® high-security cylinders for added protection. Each unit is finished with a baked, powder-coating for durable good looks.

Important Features:

- Lockers are approximately 18" deep and 15-1/4" wide
- Lockboxes are 14" deep and 14" wide
- Modules can be stacked in many configurations (see photos for examples)
- Each unit has fully padded interior shelves
- Free-standing, in-wall or on-desk mounting options

Lockboxes

Options:

- Medeco® cylinders can be: keyed alike, differently or master keyed
- Key drops can be incorporated into any model
- Can be individually numbered
- Pass-through lockers are also available on certain models
- Custom designs and colors can be special ordered

Medeco® is a registered trademark of Medeco Security Locks, Inc.

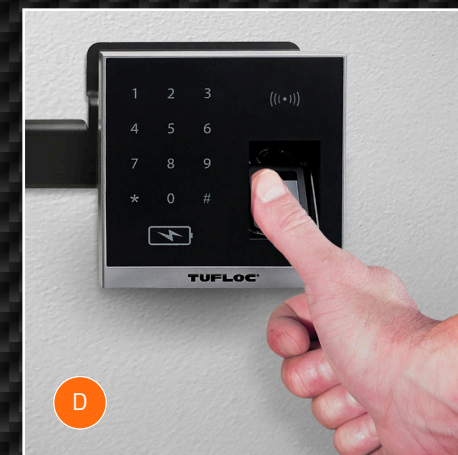

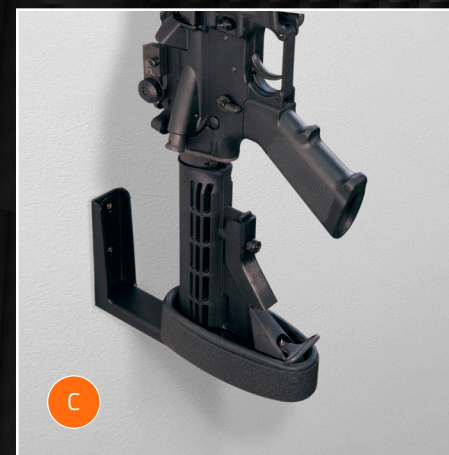

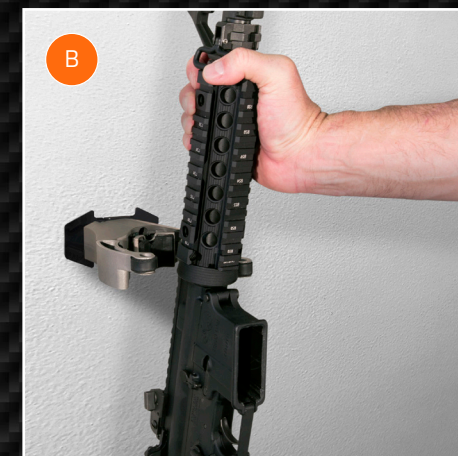

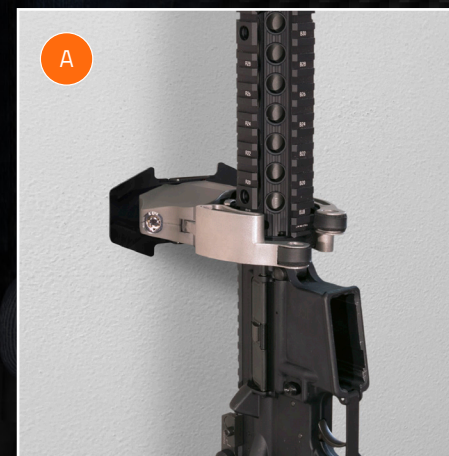

X-LOCK

Gun Racks for Your Home.

Finally, a gun rack that keeps guns secure, whether hidden or on display, and ready for quick access.

Standard keyed lock includes 2 keys

- Saves space compared to bulky, expensive safes
- Quick and easy to install
- Portable – move it from room to room or to your next home with ease
- Safely and openly displays guns

Features

A: Padding protects guns and prevents them from being scratched.

Self-adjusting ratcheting arms fit most makes/models of guns.

Mounting bracket attaches to walls (drywall, brick or concrete).

B: Stainless Steel, spring-action locking arms allow for quick and easy access to gun.

C: Cast metal pocket with rubber insert protects the gun stock while securing it in place.

D: Lock functions with a tubular key. For even faster access, an optional keypad that incorporates fingerprint recognition technology can be added.

Residential Gun Locks

X-LOCK

Stay safe and protected at home. Store guns safely...access them quickly.

Only Tufloc offers the X-LOCK which keeps guns locked and easily accessible while keeping them secure and visible.

Lock accommodates a wide range of long guns—from rifles to shotguns. These racks will accommodate guns with scopes and other accessories.

Standard keyed lock includes 2 keys

X-LOCKS are manufactured with high-strength stainless steel arms and aircraft grade aluminum for precise tolerances and then heat-treated for strength and durability.

- Space-saving design eliminates the need for heavy, bulky safes
- Quick and easy installation, almost anywhere
- Secure, open display of guns
- Immediate access to guns

Mounting bracket attaches to wall studs, brick or concrete to provide strength and stability.

Spring-action, locking arms allow for one-handed removal of gun.

Cast metal pocket with rubber insert protects gun stock while securing it in place.

Ratcheting arms self-adjust to lock gun in place.

The X-Lock functions with a tubular key. For even faster access, Tufloc's proprietary Fingerprint Reader can be added. The Reader can be programmed to open the lock in three ways: using fingerprint recognition, using the numerical keypad to enter a 4-digit code or by using the RFID card that comes with the unit.
